Directions for Above Requested Services

I/We hereby apply for water service with Gallia Rural Water Association. I/We understand that acceptance of this application is NOT a guarantee that service will be provided at the costs quoted at the time of application and the quote will only be good for 30 days from the date of this application. This will be the first step in applying for water service. After review of property by our engineer, you will receive a telephone call with approval /disapproval and total amount to bring at time of sign up. You will then have to show a copy of deed, any easements that may be required, and all persons including their spouses if married will have to sign a water usage agreement. Please allow 6 to 8 weeks for a standard tap installation. If any extra footage, permits, or road pushes are required a time limit for installation will not be specified. By signing this application you do agree to these terms.
